

Capability Statement

Who We Are - Company Overview

Since 2018, MADD Industries QLD has become the supplier of choice for specialised labour hire across the mining, civil, mechanical and engineering sectors in Queensland.

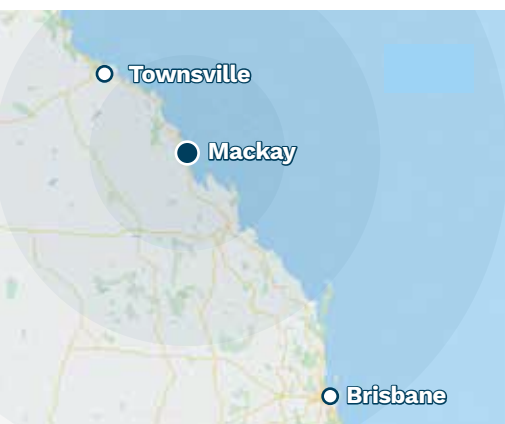

We provide our partners with highly-skilled and qualified tradespeople to work on projects of all sizes with an unparalleled focus on productivity and performance.

As a family-run company, we have built a large network of talented field service technicians who are passionate about helping our clients achieve the highest possible return on investment.

Our MADD Team

Owned and operated by Michelle and Dan Davis, MADD Industries QLD has assembled a dedicated team of highly experienced and committed tradespeople to service our valued clients.

Dan has a strong reputation in the industry, with many years' experience across a range of roles and projects. Michelle coordinates all aspects of labour hire, working closely with our partners on every job.

Areas We Service

Our team services clients throughout all of Queensland, with our head office located in Mackay, Central North Queensland

Why Choose Us?

Reputation

We have established a strong reputation across the industry for our reliability and expertise, with many new businesses being referred to us by previous clients.

Experience

Our specialised team are all fully-trained and qualified in their field of expertise. We ensure only the most experienced tradespeople are chosen for jobs.

People

We have a strong focus on providing local employment opportunities and investing in up-and-coming talent across the mining, civil, industrial and engineering industries.

Quality

Because our clients expect the highest level of service for every project, we only supply the best quality personnel to guarantee satisfaction.

Strong Environmental Practices

With conscientious environmental and sustainability practices maintained on each site, we always aim to minimise our impact on the local environment and strive to reduce our carbon footprint.

Dedicated Training & Development

We continue to invest heavily in the ongoing training and development of our team members. Regular upskilling helps to improve overall knowledge and performance, including training for people looking to enter the industry.

Supporting Mineset

MADD Industries QLD is proud to support Mineset, a platform designed to help break the stigma around mental health by creating positive relationships and conversations for people in the mining industry.

Commitment to Workplace Health & Safety

Our team will never compromise on safety and we follow the highest level of standards and regulations across the industry. We are also a member of ASSA to ensure safety compliance is continuously met.
